

## NEW C. P. R. FRE BURNED LAST NIGHT

Large Amount of Valuable Goods Stored in Warehouse  
Total Loss—Several Freight Cars Burned

Winnipeg, Feb. 1.—That part of the new C. P. R. freight shed used as a bonded warehouse was entirely consumed by fire last night. The loss to the company is about \$20,000 and to owners of the goods therein \$60,000. It is likely the loss will run much more than that as much costly merchandise was contained in the building. It was a large one-story brick warehouse 300 feet long by 50 feet. The loss on the merchandise is difficult to appraise as the fire started in

the office and every shred of paper and all the books were entirely consumed. The night was dreadfully cold with a fierce north wind blowing. The hose had to be removed to allow the yard engines to endeavor to rescue cars off the siding next to the shed, but eight of these were consumed nevertheless. The building was separated from the other freight sheds proper by a fire-proof wall. Were it not for that a third of a mile of buildings would be burning now.

## New Wholesalers for Edmonton

T. L. Mewburn, of Calgary, Alberta, general western manager for the James Turner Company, wholesale grocers, of Hamilton, Ont., with branches in several western cities, the nearest of which to this city is the Calgary branch, registered at the Windsor yesterday, and spent the afternoon and part of today in the city looking up a site for the establishment of a branch of that house in Edmonton. Mr. Mewburn naturally has very little to say about the property which he has under consideration, but it was learned on the street this morning that he has taken options on three or four lots on Third and Fourth streets, and one on Seventh street, from among which he intends to select a site.

Mr. Mewburn stated today that it was too early yet to say what kind of building they would put up, but he had no hesitancy about admitting that construction would commence as soon after a site has been secured as circumstances will permit.

The James Turner Company, of which Mr. Mewburn, is the representative, is rated as one of the biggest wholesale establishments in Canada, and is known to everyone in the grocery line in all parts of the Dominion. They will be counted as a very valuable acquisition to the business houses of the city of Edmonton, and the fact that they consider it necessary to open up a branch here in order to reach the Alberta trade shows how this city is regarded by the big merchants in the east.

**CHOATE IN OTTAWA.**  
Ottawa, Jan. 31.—Joseph H. Choate, former ambassador at the Court of St. James, is here staying with the Governor-General, and will address the Canadian Club tomorrow night.

**REVENUE GROWS.**  
Ottawa, Jan. 31.—Canada's customs revenue for January is over half a million more than for January last year. For the seven months it was over \$2,000,000 greater than for the previous seven.

## PRELIMINARY STEPS IN VEGREVILLE MURDER CASE

Mrs. H. Mangleman and Carl Paul of the Vermilion Valley Arrested in Connection With Death of Mrs. Mangleman's Husband

The preliminary proceedings in what may prove to be the unravelling of one of the most dastardly crimes committed in the Northwest for a long time were commenced at the Fort today, when Mrs. Mangleman and Carl Paul, of Dominion Valley, thirty-five miles south of Vegreville, were brought up for their first hearing on the charge of having murdered Henry Mangleman on the second of November last, by poisoning him.

The arrests were made on Monday last, the 29th, and, while it is not positively known the grounds on which they were arrested, it is supposed that it was the outcome of a report by Dr. Charlton, of Regina, on the contents of Henry Mangleman's stomach, sent to him some thirty days ago for examination.

Henry Mangleman, the deceased, who, it is alleged, died by poison, and Mrs. Mangleman, his wife, who will be charged with having administered the poison, came to this country from the western States about a year ago, and settled in the Vermilion Valley. About the same time there came from a different part of the States one Carl Paul, who settled in the same vicinity. Mrs. Mangleman, so the story goes, became infatuated with Paul, and commenced to disregard her husband, who was an elderly man, and their intimacy was the talk of the neighborhood. Paul became more forward in his attentions, and it is reported that he was denied the house by Mangleman but that both he and the woman disregarded Mangleman's instructions.

Then came the story of the alleged crime. On the 2nd of November the old man got up early and had breakfast with his wife, after which he started out to a wood lot which was about a mile from the house to cut some poplar for stove-wood.

After that time, as far as anyone knows, he was never seen alive, but the first intimation that the neighbors had of anything wrong was when Mrs. Mangleman came to a neighbor's house late in the evening and asked them to come and help her find her husband, as he had not yet come home from the woods where he was to work. They went with her, and with the aid of lanterns followed the trail to where he was supposed to have gone, and there found him lying on a pile of brush, dead, with his axe beside him, he apparently having cut

down within a few minutes after he had arrived there.

A coroner's inquest was held and a verdict brought in to the effect that death was the result of natural causes.

With this verdict, however, the police had reasons for disagreeing, and while nothing was said at the time to arouse the suspicions of Mrs. Mangleman and Carl Paul, Detective Pennyquick was put on the trail to work up the case. He found that not only had the woman in the case and Carl Paul been very intimate, but that the very day on which Mangleman died out in the woods, Paul had been at the Mangleman house and that he had actually watched Mangleman go from the house, and had later passed the place in the woods where the old man must have been lying, so close that it would be hard to pass without seeing the body. Further than this, the next day after the old man died, Paul moved over to the Mangleman house, and he and Mrs. Mangleman, it is charged, have been living as man and wife ever since.

There is a third party to the case, for, some reason, has not been ascertained yet, but who will undoubtedly be a material witness if nothing else before the case is over. This man's name is Weist, and he is described as being a hired man in the employ of Paul. On the morning on which Mangleman died, it was found, Weist had arranged to go over to the woods with him, but failed to show up at the house in the morning. Later he claimed that he met the old man on the way to the woods and that he spent a half day with him chopping wood.

When Paul went over to the Mangleman homestead and moved in with Mrs. Mangleman after the old man had died, Weist stayed at the Paul farm, and became the possessor of it. These and other circumstances were sufficient to impel Inspector Strickland to act, and he ordered Detective Pennyquick to have the body exhumed, and the stomach removed and forwarded to Regina for analysis. This part of the program arranged by the police had to be carried out very carefully so as not to arouse the suspicions of the people suspected of murder, as the analysis at the best could hardly be completed.

## EDMONTON COUNCIL HELD MEETING

Delegation Chosen to Investigate Automatic Telephones in American Cities

Winnipeg, Jan. 31.—A meeting of the Edmonton city council was held Tuesday evening in the Corona Hotel in this city. Mayor Ald. Boyle presided and there were present Ald. Boyle, Pigeon, Manson, Latta, and Smith. The meeting was called for the purpose of considering the telephone question. Edmonton is anxious to install the most up-to-date system possible. The choice will be between the Bell Telephone equipment and the automatic. Mr. Fletcher, of the Chicago Automatic Telephone Company, was present at the sitting with one of his machines, and explained its points and manner of operation. It was the decision of the council that as they were there far on the road it would be advisable to send a delegation to visit American cities where the automatic machines were in use. The delegation appointed consists of Mayor Ald. Manson, and J. H. Morris of the board of trade. They leave Wednesday night and will be absent for some days.

**REMOVES DISCRIMINATION.**  
Ottawa, Jan. 31.—The trade and commerce department has received cables from its Australian agents announcing that the Australian Government has decided to remove its position in including freight on Canadian goods for duty purposes in such a way as to discriminate against Canadian railways and the Canadian steamship lines as well. On freight shipped, for instance, from Montreal to New York in this way, it paid shippers to use United States lines. In future the duty will be the same by Vancouver as if shipped by New York.

**FATAL FIRE IN A TRANSPORT.**  
San Francisco, Cal., Feb. 1.—Three men are dead and four others seriously injured as the result of a fire which broke out late last night in the hold of the transport "Meads" lying at the Fishermen wharf. Fully twenty men were overcome by the smoke. The dead are, Third Officer Geo. Wallace B. Hennessey, Engineer of Engine Co. 4; Capt. Charles Bakin, of Engine Co. 4; Missing are Charles Gill, George Brown and W. Reagan. Third Officer Wallace was a native of Sydney, N. S., and was twenty-five years old.

**CARNIVAL NEXT WEEK.**  
The Willing Workers of All Saint's church will hold their annual carnival at the Thistle rink on the evening of Friday, February 9th. The band will be in attendance and among the interesting features will be a maypole dance, and a comic hockey match. Prizes will be given for the following costumes:

The rink will be open at 7.30, and the judging will take place before nine o'clock.

**CHILD PERISHES.**  
Winnipeg, Jan. 31.—This morning fire destroyed the C. N. R. coal dock and boarding house at West Fort and the two-year-old son of Joe Topak was burned to death in the building. A four-year-old boy was also seriously burned. Mrs. Topak who had been milking the cows, returned to find the home in flames. She was frantic and attempted to enter through a window to save her child, and it was with the greatest difficulty the mother was prevented from rushing into the doomed building. She received injuries to such extent that a doctor had to be summoned to attend her. The other occupants of the house, Mrs. MacDonald and Joe. Master's family had time to save themselves and their furniture without accident. Men hoarding in the house lost in all about \$2,000. The building is a total loss.

## CANADIAN SHOT DOWN BY GERMAN SOLDIERS

Dr. Donaldson Formerly of Brockville Ont. Shot by Soldiers in German South West Africa

London, Feb. 1.—Canadians here are enraged at an alleged outrage by German soldiers at Swakopmund, German Southwest Africa, who are said to have shot and killed Dr. Arson Donaldson of Brockville, Ont. According to the story Dr. Donaldson was walking peacefully in the street when a soldier fired at him and while he was lying wounded on the ground other soldiers riddled his body with bullets.

Montreal, Feb. 1.—Dr. Donaldson, reported murdered in South West Africa

was a son of Vernon Donaldson of Brockville. He was a graduate of McGill and one of the first to volunteer for the Boer war afterwards taking service in South Africa with the British troops.

Chief Justice Scott returned today from holding Supreme court at Port Saskatchewan. There were six cases in all, four small and two large. Cases, Fred Jamieson of the firm of Rutherford and Jamieson, and J. K. McDonald of the firm of Walbridge and McDonald were the lawyers present at the sitting.

## Whitefish for Chicago Markets

A. S. Brown, who is buying fish for the Edison Fish Co., of Cleveland, shipped his first car of fish from Edmonton today over the Canadian Northern, consigned to Chicago. The consignment was a 33,000-pound car of whitefish from the Lesser Slave Lake which were caught there by the Athabasca Fish Co., and freighted down to the city, a distance of 260 miles.

Mr. Brown is of the opinion that there is going to be an enormous business between this country and Chicago in the fish business. In speaking of the matter today he said that a railroad to the Great Slave Lake would open the greatest fresh water fisheries in the world, and that even a line to Lesser Slave Lake, which seems now to be a matter of immediate possibility, would develop an enormous fishery resource. In this connection Mr. Brown was glad to note the statement made to the effect that the Canadian Northern would be built to the Athabasca Landing this summer. Mr. Brown explains that the line mentioned would lengthen the season on

months, as it would then be all ice, leaving on the Athabasca River, and the shipping could then be depended on almost as long as the ice lasted, which would be until nearly the 1st of May. The fish would then have to be shipped 180 miles over the ice, a distance which, while a long sleigh haul, is justified by the Chicago price.

**WILL NOT CONTEST SEAT.**  
The Conservative papers of Saskatchewan announce that the famous "convention" at Moose Jaw last week decided to not place a candidate in the field in West Assiniboia. The Moose Jaw Signal, a supporter of Mr. Haultain, gives as reasons for the decision that the constituency formerly elected a Liberal by a large majority, that there were only three weeks in which to fight, that the Liberals of West Assiniboia would oppose such a candidate, and that the Haultains were exhausted both in energy and resources.

## MEN KILLED BY FALLING DERRICK

Fatal Accident on the New Bridge Being Built Across the Grand River

Guelph, Feb. 1.—Two men were killed and two seriously injured by the upsetting of a derrick at the Grand River bridge on the Guelph and Goderich line of the C. P. R. The killed are Timothy Mahoney, 712 Maitland street, London, and David McKenzie section boss, Listowel. Charles Amey, foreman of the Canada Foundry Co. who had the contract for the construction of the bridge, is injured internally and cut on the head. Fred Symmonds, a London brakeman, has an arm and ribs broken.

**CHEAP PHONES FOR MANITOBA**  
Winnipeg, Jan. 31.—The telephone committee appointed by the Manitoba Legislature to enquire into the cost of telephone systems and rates held its first session this morning. Applications to be represented by the council was not granted. Chas. Fisher, the Chicago telephone expert, estimated a telephone system to comprise 10,000 telephones would cost \$1,000,000 and could be maintained in Winnipeg by charging \$19 per telephone. Fisher declared that \$5 per line was plenty high enough for desk telephones instead of \$75.

**ORDER EARLY.**  
London, Jan. 31.—The Salvation Army has decided to include fifty marriageable girls in a party of immigrants leaving March 1st. These are an installment toward supplying 10,000 men in Canada which the official here says need wives.

**FIRST MARRIAGE IN MANVILLE**  
Manville, Jan. 30, 1936.—(Special to the Bulletin.) A very pretty wedding took place in this settlement on Monday, Jan. 29th. The contracting parties being Miss May E. Lea and Mr. Percy Richards, both of this district. The event was a particularly interesting one as it was the first wedding in this rapidly increasing settlement.

The ceremony was conducted by the Rev. A. R. Aldridge of Vermilion at Mr. Richards's home. The bride who was given away by her brother Mr. S. V. Lea was a very tastefully attired in pearl grey crepe de chine with with accented pleated tulle lace and she carried a bouquet of pink roses. Mr. F. Gibson was groomsmen. Immediately after the ceremony at 2 p.m., the guests to the number of eighteen sat down to a sumptuous repast after which toasts were proposed, and Mr. and Mrs. Richards were the recipients of many kind expressions for their future welfare and happiness, to which Mr. Richards suitably replied in a few well chosen words. The remainder of the afternoon was spent in a shooting match, songs, games, etc. About 10:30 the company was agreeably surprised by the deafening noise of a chivierre party who were at last constrained by the groom to lay down their arms and instruments and join in the good time in the house. It was well onto the wee sma' hours before the guests departed, all thanking the host and hostess for their hospitality and a most enjoyable time.

**EDMONTON KEEPS GOOD HOURS**  
The Calgary Albertan thus bewails its failure to secure a report of the Edmonton-Calgary hockey match on Tuesday evening:

"The city of Edmonton is dead to the outside world early in the evening, when ten o'clock comes every person winds his clock, turns out the cat and goes to bed and that is all there is to it, and perhaps that is as it should be in quiet towns."

"The Calgary hockey team played in Edmonton last night. The Albertan made arrangements with its special correspondent to wire the result of the game. More than that the Albertan arranged with two of the members of the team to wire or telephone the result of the contest."

"Nothing coming over the wires by 11 o'clock the Albertan started to get in touch with Edmonton."

"But the Albertan was informed that the man who runs the Edmonton telephone pulls out at 10 o'clock and goes to roost."

"The equally at the telephone office was a complete disaster. The operator at the telephone office and the operator at the telephone office look up at the same hour, and thus it is an even break all around."

"The Albertan made an attempt at Strathcona with even worse results. The closing up time at Strathcona is something around 8 o'clock, unless there is something 'do' and then the office is kept open late, sometimes not closing up until 8:35."

"There has not been closed once for the last six or seven years. There is telegraphic communication here the year round. The commercial telegraphic office never closes and there are usually from five to ten operators going all the time."

"There is a difference between Edmonton and Calgary."

"But there is no report of the Edmonton-Calgary hockey game."

## WANT TO PURCH STRATHCONA PLANT

Six Months Old Settler Wants Electric Light—Council Meeting

Last Evening

(Special to the Bulletin)

Feb. 30, 1906.—Town Council met this evening at 8:30 in the Council chamber: present—Mayor Sheppard, Aldermen Douglas, Elliott, Macfarlane and Cowles. The minutes of last meeting were read by Secretary Treasurer Downes and confirmed on motion of Douglas and Cowles.

The following communications were read—

1—Imperial Bank, re reduction of interest from 6 per cent to 5 per cent on overdraft.

2—Lamont &amp; Son, London, Ont., re engine.

3—A. J. Coulson, resignation of town poundkeeper.

4—J. H. B. Co., re purchase of electric light plant.

5—Three letters from medical health inspector, Dr. Archibald, re prevalence of dysentery and action taken to prevent an epidemic.

6—Robb Manufacturing Co., re payment on boilers.

7—Canada General Electric Co. Toronto.

8—Dr. Kuhn, re electric light service.

9—B. C. Sewer Pipe Co. per McLean &amp; Co.

10—Ernstshaw, Bradley &amp; Co., Montreal, re filtering appliances.

11—W. Griffin, Toronto, re libraries.

Ald. Cowles moved and Macfarlane seconded that the correspondence be received and dealt with. Carried.

The Imperial Bank, Leonard &amp; Son, and J. A. Coulson's communications were read. Sec. Treas. Stettin re purchase of electric light plant, general discussion followed here, after which the Sec. Treas. was authorized to write Stettin and quote price of electric light plant.

The letter from the Secretary Treasurer of Stettin, offering to buy the electric light plant recently replaced by new in the city's works, was the occasion of considerable discussion, with the result that the secretary-treasurer was authorized to write Stettin and quote prices.

The medical health officer's communication was filed.

Chief Powers was requested to look into Dr. Kuhn's electric light grievance and report.

McLean's communication re sewer pipes, filed.

Ernstshaw, Bradley &amp; Co. Communication, filed.

W. Griffin, re libraries. Dropped.

Communication from C.P.R. per Mr. Thomas, re rights. Secretary to inform them that old rate will apply until further notice.

The following accounts were read—

Cushing Bros 40c, McLean &amp; Co. \$1.00, R. A. Peterson (Mrs. Douglas) board \$5.00, W. H. Shawmeyer travelling expenses \$20.25, A. Grant sewer pipes \$510.36 J. Powell quarantine \$3.00, Geo. Macdonald (coal, C. Young) \$25.10, Robb, Manufacturing Co. \$1037.10, Plaindealer \$16.30.

Douglas and Macfarlane moved that the several accounts as read be referred to several committees and if found correct paid. Carried.

Applications for weighmaster, town hall clerk, engineer, &amp;c.—J. B. Brown, weighmaster, Max L. Dress, Edmonton, H. S. Armstrong, engineer C.P.R., Frank Groat, town.

General discussion followed after which it was decided to take no action until next council meeting.

Messrs. Evans &amp; Robinson were present and addressed the council re supplying coal to municipality, prices \$2.00 and \$1.45.

Mr. Lange was present as a delegate of the Farmers Grain Growing Association, and addressed the council re reducing town weight scale fee from 10c to a uniform 5c rate. He quoted Edmonton scale rates. He stated his association had a membership of 10c to a uniform 5c rate. He quoted 5c on every hand, he was sure the members of his Association would patronize the scales much more than at present. The mayor and council discussed this question informally with Mr. Lange, who thanked the council for their kind reception given him, and withdrew, evidently well pleased with his interview.

Electric lights, meter and flat rates came up again for discussion, after which Alderman Macfarlane read out the duties, however, of town policeman and town hall caretaker. This report was adopted, after discussion, on motion of Alderman Douglas. The wisdom of securing options on certain desirable properties for private purposes received the attention of the city fathers after which Alderman Douglas and Elliott moved that a mayor and secretary treasurer sign the guarantee for Imperial Bank re overdraft. Carried.

The Secretary-Treasurer, read a letter (received by town engineer McLean) from Chalmers Bullock and Co. Winnipeg re engine—this and other communications were laid over until next meeting.

Chief Powers addressed the council re meters and cedar poles for electric light purposes. The merits and prices of tamar and cedar poles was discussed after which the council adjourned on motion of Alderman Douglas.

## LAC STE. ANNE

Lac Ste. Anne, Jan. 29.—Donald McDonald arrived home from a month's sojourn in Winnipeg. He says he is glad to get back to Sunny Alberta, where there is more sunshine, less cold, fewer blizzards and snow-drifts and balmy air than our sister Province on the Red.

On Sunday evening Messrs. Michaelson and Rochfort arrived from their ranch on Paddle river, having made the trip with a light sleigh in six hours. This speaks volumes in favor of their new trail. They were accompanied by Mrs. Rochfort and two children. After spending a couple of days here as the guests of Mr. and Mrs. Gunn, they resumed their journey to Edmonton. Mr. Michaelson reports that a couple of large survey parties are operating near the ranch. These parties come to Lac Ste. Anne for their supplies.

Peter Gunn, of the Hudson's Bay store, received by last mail notification of two appointments, namely, postmaster and justice of the peace. These appointments give entire satisfaction to people of this community.

Cecil Armstrong, of Onaway, has taken several contracts for sawing good. He uses horse power and does good work. Charles Bush, of Bush Bros., fish merchants of White Lake, was here last week on a business trip.

Mr. Porch arrived from the west some days ago with a load of furs which he sold to Joseph Brewster, manager of Henderson & Son's store. Mr. Jock has been a mountain trader and rancher for a dozen years. He reports that the grass is green in this famous pass, that potatoes which were not lifted last fall are still underground, and that the trappers are having a successful season. John Hornby will accompany Mr. Jock on his return journey to the Rockies.

On Monday last D. La Rocques was convicted of the theft of a sum of money from an elderly woman named Betsy Nippling and was sentenced by His Honor Justice McConnell to three months in jail. It is a pleasing feature of life at Lac Ste. Anne that law and order are being firmly and justly maintained.

Many homesteaders have passed through this village lately and report a beautiful and rich open country in the vicinity of the Paddle and McLeod rivers.

On Monday Frank and Mrs. Sellick arrived from Edmonton, where they have been visiting J. Sellick who is recovering from typhoid fever at the general hospital.

Mr. Roxborough of Calgary, in teaching the school at Onaway.

## GENERAL NEWS.

Official news has reached Washington from Paris that France will bide her time in the solution of the Venezuelan problem. It is believed that President Castro may prove of assistance to France if the reports received from Venezuela regarding the disaffection among the people alleged to be growing against the president are true.

On good authority it is learned that McFadden will retire from the Roblin cabinet, to be succeeded as provincial secretary by Armstrong, member for Portage. McFadden will be attached to the veterinary staff of the new agricultural college. The salaries of ministers will be raised to \$5,000.

Montreal, Jan. 30.—Suspensions are entertained that the fire which took place on Thursday last in building at the corner of Victoria Square and St. James street, and which did \$100,000 damage, was of incendiary origin. Before the fire commissioner the elevator man testified to having taken a couple of men, who said they were electricians, down to the cellar to repair some wires. No one knows who they were, or who ordered wires repaired, as there are none in the cellar except a few used to light public portions of the building. Half an hour after the men were taken down the fire broke out in the cellar. Efforts the being made to find the men.

Ottawa, Jan. 30.—The Government seized \$14,000 worth of the Hudson's Bay Company furs en route to England from New Ontario points near Kenora, as some beaver and other furs were in the consignment. These animals cannot be killed for four years. One-third of the consignment was confiscated.

Montreal, Jan. 30.—An amalgamation of the Edwardsburg Starch Company, the Imperial Starch Company of Prescott, and the Brantford Starch Company, of Brantford, Ont., has been arranged. The capital of the new company, which is to be known as the Canada Starch & Glucose Co., is to be \$2,500,000. Of this sum \$1,250,000 will be in seven per cent, preferred stock, and the remaining \$1,250,000 will be issued as common stock.

## EDMONTON CHARGED WITH INDIFFERENCE TO IMMIGRATION

In an article appearing in several Conservative papers and to which reference has been already made in these columns, the opportunity is taken to suggest that the long residence of the Minister of the Interior in Edmonton has led that gentleman to underestimate the value of immigration. The attack is thus directed from the Minister of the Interior to the people of Edmonton and from an allegation of incapable administration becomes an imputation that the people of this city have not correctly appreciated the importance of immigration. To those familiar with either local sentiment or Northwest history the charge is sufficiently ridiculous to make it little more than an illustration of the unimpaired humor face sometimes wears in the face of the article. The purpose of the article, however, was to point toward those familiar with neither local sentiment nor Northwest history in the hope that by an admit misrepresentation of western sentiment the difficulties of immigration work might be increased and the administration of that department be correspondingly discredited. If the people of Eastern Canada could be persuaded that a western city was opposed to immigration or even lukewarm in its desire for immigration, the ground would thus be prepared for an assault on the Government whose distinctive feature has been an aggressive policy of settlement for Western Canada.

The illogical nature of this misrepresentation does not appear to have occurred to the Conservative journalists. If Western Canada needs immigrants at all, no section of the West stands to benefit more by their advent than Edmonton. Tributary to Edmonton is an arable area larger than the entire Province of Manitoba. But a comparatively small section of this immense domain has yet been brought into cultivation and upon the settlement and development of the enormous territory still uncultivated depends the future expansion and prosperity of this city. It scarcely seems probable therefore that the people of Edmonton of all residents of the Northwest, should be found wanting in sympathy with the working of the immigration department or that residence in this city should lead to an underestimation of the importance of settling the territory. The Edmonton is fully abreast of the present development of the contiguous country is admitted today by none more frankly than by the Conservative journals, several of whom have taken upon themselves the task of warning the city against a possibility of out-running this development and have quite pointedly cautioned investors of the dangers of a "boom." If therefore Edmonton is abreast of the present development its future hopes for growth must rest entirely upon the settlement of new country and the development of new resources, neither of which can be accomplished without the energetic pursuance of the settlement policy of the Government.

The history of Edmonton certainly gives no warrant for the accusation of the Conservative press. In the dark days when the land was misruled by the party which that press supports, one western community ceased not to demand through the mediums of public opinion that some energetic and intelligent means be adopted to direct to this country the stream of Canadians pouring continually from the eastern provinces into the Western States. That community was Edmonton and the course its people then adopted they have never departed from. When the inception of an aggressive immigration policy took place in 1896 no western town was more sincerely gratified and the measure of this gratification is the increased majorities given at the successive elections to the candidates supporting the Government which introduced that policy. Since immigration became recognized as the paramount need of Western Canada no city in Canada has contributed more frequently or generously in proportion to its population than the city of Edmonton to whatever worthy means were apparent for encouraging the good work. Publicity has long been recognized by Edmonton people as the key-note of a successful immigration campaign and they have been sparing in neither money nor endeavor to make known the resources of their district. It is within quite recent memory that the city council of Edmonton made a very considerable grant for advertising the splendid capabilities of the district which now assails us for indifference towards immigration. Pamphlets have been issued, special editions of local and eastern papers have been secured so far as the finances of the city would warrant, every legitimate means utilized for properly presenting the advantages and opportunities of the Edmonton district to the world. Whatever may be the ground for accusing Edmonton people of a lack of enthusiasm in im-

migration matters that ground certainly cannot be found in the history of the continuous efforts they have put forth to attract settlers to the west. But the whole case of the Opposition press falls flat when subjected to examination. The alleged apathy of the Minister of the Interior, begotten of his long residence in "isolated" Edmonton is said to have been the cause for the transference of the British Immigration service to the supervision of Lord Strathcona. The seriousness of this charge will be at once apparent when it is recalled that the transfer was made before Mr. Oliver assumed charge of the Immigration department.

Nor do the immigration returns give better ground for the charge of Edmonton-begotten indifference. Following are the comparative returns for the last two fiscal and calendar years, in which our Conservative friends may find some trouble in locating evidence of a lessening of immigration effort:

Calendar year 1904	134,223
Calendar year 1905	144,618
The homestead entries tell the same story of continued increase in settlement. Following are the returns for the past two years:	
Agency	1905. 1904. Inc Dec.
Alameda	1,627 1,065 562
Battleford	3,616 1,772 1,844
Brandon	306 489 183
Calgary	2,155 2,684 529
Dauphin	514 388 126
Edmonton	2,899 2,531 368
Kamloops	149 139 10
Lethbridge	1,969 1,722 247
Minneapolis	216 267 51
New Westminster	38 23 15
Prince Albert	2,138 1,634 504
Regina	794 695 99
Red Deer	2,115 1,234 881
Winnipeg	671 856 185
Yorkton	4,462 3,924 538

Net Increase for 1905 30,819 26,073 5,746 1602

If there is today in Canadian politics a force militating against the continuance of a vigorous immigration policy that force owes neither origin nor encouragement to Edmonton nor to the sentiment of Edmonton people.

## ST. ALBERT NEWS

St. Albert, Jan. 29.—The council for Local Improvement District No. 27 S. 4, assembled at the fire hall, Edmonton, Jan. 27. The meeting was called to order at 2 p.m. The following councillors were present, Maloney, Simpson, Ball, Hogan, McEachern, Allen and Secretary-Treasurer F. C. Clare. Simpson and Hogan, that Mr. Allen be re-elected chairman.—Carried.

The minutes of last meeting were read and upon motion of Simpson and Hogan were adopted.

Maloney and Simpson, that F. C. Clare act as secretary pro tem.—Carried.

Maloney and Simpson, that M. Hogan be appointed secretary-treasurer for 1906 at a salary of \$200.—Carried.

Upon motion by Messrs. Maloney and Simpson a vote of thanks was unanimously tendered the retiring secretary-treasurer for the very efficient manner in which he performed the duties of his position as secretary-treasurer of the district.

Maloney and Simpson, That each member of the council consider himself a special committee to report at the next meeting of the council any amendment, which in his opinion should be added to the local improvement ordinance.

Hogan and McEachern, That the following resolution be endorsed by the council:

"We the ratepayers of Local Improvement District No. 4, comprising Townships 55 and 14 in Range 25, understand that a movement is on foot, the object of which is to annex that portion of our district known as Division No. 4 to the City of Edmonton. We, the ratepayers, do hereby declare that such a change would be contrary to the interests of our district take this opportunity to register our protest against movement of the kind.—Carried.

Maloney and Simpson, That the meeting adjourn. Carried.

The next meeting will be held at the fire hall, Edmonton, February 10, commencing at 10 a.m.

In 1964 the figures were \$21,484,653.

**MANITOBA MARRIAGE LAW.**

Winnipeg, Feb. 1.—The bill respecting the solemnization of marriage in Manitoba was disposed of by the law amendment committee of the Legislature this morning, and it will be reported to the House with several changes since its second reading. The committee decided to raise the age of consent from 14 to 16 years.

**McBRIDE GOVERNMENT IN DANGER.**

Victoria, Feb. 1.—The McBride government is in danger of defeat, a catch vote in committee was secured against the Government on its timber policy. This does not indicate, however, that the Government is at all weakened. Mr. MacGowan, Conservative, who voted against the Government on this question would not do so on a question of politics.

**BRITISH CABINET MEETS.**

**THE WEST AND THE TARIFF**

Mr. Oliver addressed a meeting at Moose Jaw on Wednesday of last week, in which he is reported as saying:

"The basic principles of the Liberal policy of taxation was 'the equalization of the burden.' The Conservative policy was to 'tax the producer and to protect the manufacturer, or tax the poor and protect the wealthy.' The Liberal policy was to tax 'the wealthy and relieve the producer. In every case before the tariff commission (tariffs) had 'declared for reductions while the manufacturers wanted increases. 'To vote for an Opposition candidate is to vote to give the manufacturers what they want, and if 'West Assiniboia sent an Opposition member to Ottawa, the Government could not be blamed 'should they not grant West Assiniboia's request, and it was 'now up to the electors to say 'what they want. It was a happy 'chance and he hoped there would 'be no uncertainty of expression. 'He showed that Moose Jaw city 'used 5,000,000 feet of rough lumber per year; should the lumberman's views be met and a duty 'of \$2 per thousand imposed, 'Moose Jaw would pay an additional tax of \$10,000 a year, an 'increase of one-third, the present 'revenue being about \$30,000."

In this respect however, Detective Pennyquik carried out his part very skillfully, and there was no idea in the minds of Paul and Mrs. Mangleman that they were suspected up to the day of their arrest. On Monday, it is supposed the returns were received from Regina and the arrests followed. The preliminary examination which will take place at the Port this afternoon, will be before Inspector Walke, and Dr. Charlton, the Provincial analyst of Saskatchewan who made the analysis of the man's stomach, will be the principal witness.

### CLOVER BAR HOLDS ANNUAL MEETING

The annual meeting of the Clover Bar Creamery Association took place in the school house on Friday evening the 29th. Mr. Marker, superintendent of Government creameries was expected to be present, but it was learned that he had not yet returned from Ottawa, where he has been for some time settling up last year's business. It seems to be the prevailing opinion that the Dominion Government is about to withdraw from the operation of the creameries and in view of this a petition is being circulated in our district asking the Provincial Government to continue this important industry, which we trust may meet with the sanction of our legislators.

The Clover Bar creamery for the limited time of its operation last year, made a fair showing but diversity of opinion exists as to the control and management of said creamery which seemed to be entirely under the control and management of the butter maker, whose duties seemed to be to attend to all details from stoker to accountant and salesman, which duties appeared to be so multitudinous that important information was withheld much to the disappointment of many of the patrons. Consequently it was decided at the meeting to insert a new by-law defining the duties of the butter maker and making it compulsory to record an accurate account of each churning and test in a book kept for the purpose which shall be open for inspection by the patrons at all reasonable hours in the office room of the creamery.

The following officers and directors were elected for this year: President, W. F. Stevens, acclamation; Vice-president, H. Lackey, acclamation; Directors, Sid Ottewill, E. L. Williams, Geo. Uren, T. W. Hodgins, H. Horton, Jas. Daly and Everett Ball.

Mr. Albert Ottewill and H. Lackey constitute a committee to wait upon the proper Government official and devise a plan whereby the interests of the patrons are better safeguarded.

It is the intention of the board of directors to place this industry on the very best paying basis. According to current reports we understand that all creameries along the line of the C.P.R. between Strathcona and Calgary are in a flourishing condition and net the patrons a satisfactory income. Clover Bar is just as centrally located as many of them, has just as large an area to draw from. The general condition for the successful operation of a creamery are just as favorable and there is no reason why not only one creamery but many should surround Edmonton and Strathcona within a reasonable distance.

Another matter that came up at the meeting was that the dairy commissioners have published considerable literature from time to time for free distribution among the farmers, but so far none of this has reached the patrons of the Clover Bar creamery. They are anxious to know who is responsible for the distribution, or rather the failure to distribute.

## HOCKEY

The Roseland team went down to defeat again last night before the Strathcona bunch by 9-3 in a game that was, fast, furious, interesting, rough, strenuous, spectacular, scientific and for all there was in it all the time.

There was no suggestion on the part of either side of any lack of interest in the result. The Roseland gang evidently went to take back at least one win to their credit when they got worst of the range again, and last night looked like their only chance, on which principle they waded in with the intention of doing whatever it lay in their power to do, short of assault and battery. They were strengthened by the assistance of C. A. Wilson, of Edmonton in goal, in place of the man whom they brought over with them and this made an enormous difference in the playing of the team and in the whole appearance of the game. Howarth was off and Hood played his wing, while Jamieson came up into the corner and Donahue the spare man, played point.

On the Strathcona team, Fred Richardson, who has played hockey in Strathcona since previous to the late war was called out again to take McArthur's place, and he did not strengthen the team to any great extent. Apparently the science of the game has altered some since Richardson learned to play as his idea of scientific hockey is to grab the other fellow's stick under his arm and hang on until the referee commences to look his way.

The other members of the Strathcona team were the same as the night before, and they all played a good game. Hampton, the fool of Strathcona folk, was very fast, but he spoiled the effect by cutting and slashing all night, where the same amount of energy expended in the right direction would have carried him through the opponent's goal.

The puck was faced-off at 8.45 and the game was rough from the first minute. The Strathcona team started the roughness, when Kent tripped Hoodright at the opening and went to the fence.

Ritchie scored the first goal in three minutes as the result of a very nice run by himself and Hampton, and two minutes later, Richardson shooting from a scramble in front of the goal got a shot which scored, although young Wilson saved the flags at least half a dozen times before the fatal moment. Crawford assisted by Hood scored the first goal for the Roseland team, after a nice run and a very fair shot.

Shortly after the draw Richardson did his famous holding on act and he and Lafferty got into a rough house scene, as a reward for which they were given three minutes for meditation, to run concurrently. When Lafferty got back on again, he had not reached his position before he thought he saw where he was going to get even by throwing his stick out and sending Richardson straight up, but Powers happened to be looking at the time and Lafferty went to the fence for three minutes. Richardson came down shortly afterwards.

Hampton scored the next goal, but had an easy time doing so as the Roseland goal keeper had broken his skate and was standing along the sidelines wildly gesticulating to the referee to delay the game until he got his feet into some new shoes. The fourth goal for the Strathcona was also a matter of luck largely, as Hood and Crawford both had broken sticks at the same time. At half time the score stood four to one in favor of the Strathcona team.

The first goal that was made in the second half went to Jamieson of the Roselanders, but it was more good luck than anything else, as it was flying wide of the net when the Strathcona goal keeper reached out and tipped it in. Kent scored twice in rapid succession and Hampton scored and then Jamieson got the third goal for the Roselanders, which was all that they managed to score. The last few minutes of the game was positively fierce. The Roseland bunch gave up all thought of defence and taking their whole team up around the Strathcona goal they lapped themselves for energy to the limit of their courage in an endeavor to score, but not only did they not score, but Hampton got away once and Ritchie broke through the bunch once, both of them scoring, which brought the Strathcona score up to nine.

For this evening's game in Edmonton, which will be the last of the series, the Roseland team will play Humeon of Strathcona in goal. Howarth will be on the forward line again, and Donahue will probably take the place of Jamieson. The Edmonton team will line up the same as before.

I know of no business that requires so much close personal attention as cigar-making. The slightest variation in the grade of the tobacco, the least negligence in the maturing of the leaf, or careless in the making of the cigar, will be noticeable in the smoke.

It is for this reason I give such particular and personal attention to every step in the production of my Pharaoh cigar.

I have produced an excellent smoke, and all my time, energy and knowledge is devoted to keeping it at that high standard. The quality of my

is more to me than several years' profits.

I might make a little more money, and make it a little more quickly by using a poorer grade of tobacco, less experienced workmanship, or any of the many cheapening methods known to the cigar trade, but I wouldn't do it. —Hockey match at the Thistle rink tonight.

—The Old Timers' Association will hold a meeting in the office of W. G. Ibbotson this evening.

—Twenty-five cents will be the admission to the hockey game tonight between the Thistles and the Rossland team.

—The Edmonton Thistles will again play the Rosslanders tonight in the Thistle rink. This is the last game of the series.

—The curling games in the Edmonton Brewing and Malting Cup draws will commence again as soon as the weather turns colder.

—The Knights and Ladies of the Macabees will hold their second annual masquerade ball on the evening of St. Valentine's day, February 14.

—Mrs. Mitchell wishes to state that she regrets having used Miss MacRae's name in connection with the recent "thrashing" episode in McKay avenue school.

—The Young Men's Club, of Grace Methodist church will pay a visit to St. Paul's Young Men's Club, tonight, and a social evening will be spent in games, etc. There will also be a chess tournament.

—At the First Presbyterian church last evening Rev. Dr. Herdman, superintendent of Home Missions, delivered a very interesting address to those present on his work and the work of home missions generally. The meeting was conducted by Rev. Archibald Ewing, and was attended by a fairly large number of members of both Presbyterian churches.

—The City Coal Co. on Friday last shipped a car of coal to Winnipeg for test purposes. They are filling a car today for the C. N. R. which will be tried on local lines between here and Vegreville. If it comes up to the standard there is a great market for Edmonton coal. The City Coal Co. is placing a steam mine in their mine, which has a capacity of 400 tons in ten hours.

—The first series of the live stock judging schools under the joint auspices of the provincial Department of Agriculture and the local agricultural societies will be held at Medicine Hat, Lethbridge, Raymond, Magrath and Cardston during February, commencing on the 19th at Medicine Hat. The speakers are J. Standish, Walker, on horses; D. Anderson, Rugby, Ont., on cattle, sheep, and swine; and A. W. Foley, Bowmanville, on poultry. Meetings will probably be held at points between Calgary and Edmonton during March.

—The Cannell-Spencer Construction Co. Ltd., have opened an office on First street, and are ready to do a general contracting, building, real estate and commission business. The members of the firm are already well known in Edmonton. Mr. Miller, of the company having built the Lee block, Jasper avenue, Mr. Corriveau's residence, the Baptist church, and several residences during the past year. Mr. Miller is the wood worker of the firm and Messrs. Cannell and Spencer are the brick and stone builders. The latter have also had some very important contracts lately having built the brick and stone part of the Baptist church, the maternity hospital, and the St. Albert flour mills during the past year.

### PERSONAL

Miss Edmonson of Winnipeg is visiting in the city, the guest of Mrs. Brandon.

Chas. Benjamin, an old Edmonton boy, has taken a position in the Crystal Palace Clothing establishment.

The Misses Adamson, who have been visiting Mrs. Wilkins, of the Port, are the guests of Mrs. Parquarson, Sixth street west, and will receive with her on Friday.

Mr. Crystal and family leave today for a trip to California. The family will remain in California for a year. Mr. Crystal returning to the city in two months.

Donald McLaren, who has been for several years a resident of Edmonton, will leave on Tuesday next for the coast, in company with Mrs. McLaren. He will first visit for a few months with his sons in South Dakota.

### INFORMATION WANTED.

The South African Memorial Association which is now in course of completion will have recorded upon panels around the base the names of all Canadian soldiers who were killed in action, or who died of wounds or disease while on service in South Africa during the Boer war 1899-1902. The South African Memorial Association is desirous of obtaining full particulars of all those who thus gave up their lives in defense of, and to uphold the principles of the British Empire.—Detailed particulars of the Memorial will be sent upon request. Address Sydney H. Jones, Secretary, 28 Wellington Street West, Toronto. As it is desired to make this information as broad as possible, it is requested that before that the newspapers and publications seeing this notice will also kindly give it a place in their columns.

### ALBERTA COLLEGE NOTES

The students of the college will hold a skating party for their friends on the college rink on Friday evening. Refreshments will be served in the college after skating.

Miss Ferda Puffer arrived last night to take up her studies at the College.

R. Stewart, who has been a student at the college since the beginning of the term, left for his home at Maple Creek on Tuesday on account of illness.

The new iron frames and goal nets for the hockey team arrived the other day and have been placed in position on the rink.

At the regular mid-week meeting held last evening, Mrs. Thos. Bellamy delivered a most instructive address to the students. The meeting was conducted entirely by the ladies. Miss McAmmond was in the chair and Mrs. Kerr sang a solo that was very much appreciated.
